

# Morning Warm Up

## KINDER - DECEMBER

I created these slides in an effort to make my whole class Zoom Meetings run smoother and more efficient during Remote Teaching. It helps keep me on track while also ensuring that ALL of my students are participating! Your students will need either paper/pencil or a whiteboard to complete the daily tasks.

I will also use these if/when we return to the classroom because we will not be allowed to have carpet time. This will really help us transition from Remote Learning to the Classroom and, in the event of another school closure, back to Remote Learning. I hope your students will love it as much as mine do!

# What's Included:

Each day/week REPEATS to maintain structure and routine, but there are differences to keep the students engaged!

|  |  |
|--|--|
| Slide 1:<br>Good Morning   | A song from YouTube has been embedded. Just push play!   |
| Slide 2:<br>Morning Greetings  | Students choose from two greetings. I use these while I take attendance to ensure I connect with each child.             |
| Slide 3:<br>Check In   | Thumbs up, down, or in the middle to see how each child feels that day   |
| Slide 4:<br>Tell Me Something Good   | Pull 3 or 4 sticks or choose a few students to tell "something good".  |
| Slide 5:<br>Let's Read a Story   | Morning Read Aloud   |
| Slide 6:<br>Word of the Day  | A short clip from Sesame Street will introduce the word. Just push play!   |
| Slide 7:<br>Word of the Day  | The word is written out on this slide. Students can write it on paper or their whiteboard.                               |
| Slide 8:<br>Quick Sketch Version 1<br><small>*Delete this slide if you use version 2</small> | Students draw a quick sketch of the word. I added an *audio clip and students have to stop drawing when the music stops. |
| Slide 9:<br>Quick Sketch Version 2<br><small>*Delete this slide if you use version 1</small> | Students draw a quick sketch of the word. I added a countdown timer from YouTube. Just push play!                        |

# What's Included:

|  |  |
|--|--|
| Slide 10:<br>Move It!                        | Brain Break! I added various YouTube guided dances and songs. Just push play!  |
| Slides 11 - 17:<br>Letter or Number Practice | Practice writing the letter and identifying pictures that begin with that letter sound. Practice writing the number and identifying the number in pictures. The teacher can drag a circle or an X. |
| Slides 18-19:<br>Sight Word Practice         | Students write the sight word. The sight word is shown in a sentence and the teacher can drag a highlighted box over it.   |
| Slide 20:<br>Goodbye                         | A song from YouTube has been embedded. Just push play!   |
| Slide 21:<br>Happy Birthday                  | Type their name. Move it up to anywhere you like. Or delete it. I added a fun *birthday song.  |
| Slides 22 - 110:                             | These slides repeat for the other four days in the week to maintain structure and routine, but there are differences to keep the students engaged!   |
| **Slides 94 - 98<br>Word of the Day          | On Day 5 of each week, there is NOT a new Word of the Day. Day 5 is a Review of the four words from the week.  |
| BLANK TITLE SLIDES<br>(some with clip art)   | Add your own content   |
