

Morning Warm Up November

I created these slides in an effort to make my whole class Zoom Meetings run smoother and more efficient during Remote Teaching. It helps keep me on track while also ensuring that ALL of my students are participating! Your students will need either paper/pencil or a whiteboard to complete the daily tasks.

I will also use these if/when we return to the classroom because we will not be allowed to have carpet time. This will really help us transition from Remote Learning to the Classroom and, in the event of another school closure, back to Remote Learning. I hope your students will love it as much as mine do!

What's Included:

Each day/week REPEATS to maintain structure and routine, but there are differences to keep the students engaged!

Slide 1: Good Morning	A song from YouTube has been embedded. Just push play!
Slide 2: Morning Greetings	Students choose from two greetings. I use these while I take attendance to ensure I connect with each child.
Slide 3: Check In	Thumbs up, down, or in the middle to see how each child feels that day
Slide 4: Tell Me Something Good	Pull 3 or 4 sticks or choose a few students to tell "something good".
Slide 5: Let's Read a Story	Morning Read Aloud
Slide 6: Word of the Day	A short clip from Sesame Street will introduce the word. Just push play!
Slide 7: Word of the Day	The word is written out on this slide. Students can write it on paper or their whiteboard.
Slide 8: Quick Sketch Version 1 <small>*Delete this slide if you use version 2</small>	Students draw a quick sketch of the word. I added an *audio clip and students have to stop drawing when the music stops.
Slide 9: Quick Sketch Version 2 <small>*Delete this slide if you use version 1</small>	Students draw a quick sketch of the word. I added a countdown timer from YouTube. Just push play!

What's Included:

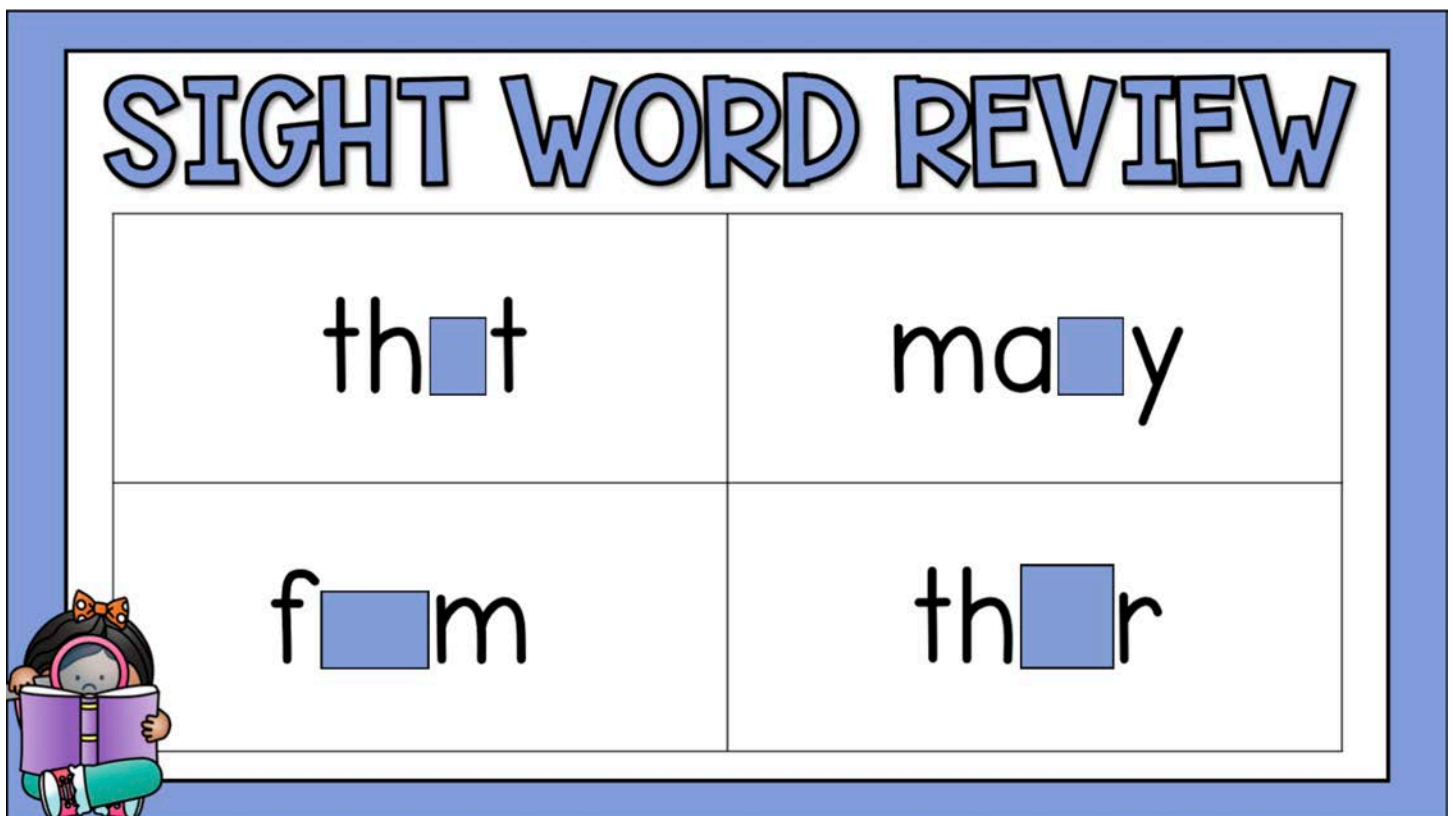

Slide 10: Move It!	Brain Break! I added various YouTube guided dances and songs. Just push play!
Slide 11: Sight Word Practice	It shows the sight word and the word used in a sentence. Students write the word as many times as they can before you call time. *I added a sight word song.
Slide 12: ELA or Math Practice	Students listen to the question or problem and write it on their whiteboard or paper.
Slide 13: ELA or Math Practice	Students listen to the question or problem and write it on their whiteboard or paper.
Slide 14: ELA or Math Practice	Students listen to the question or problem and write it on their whiteboard or paper.
Slide 15: ELA or Math Practice	Students listen to the question or problem and write it on their whiteboard or paper.
Slide 16: Goodbye	A song from YouTube has been embedded. Just push play!
Slide 17: Happy Birthday	Type their name. Move it up to anywhere you like. Or delete it. I added a fun *birthday song.
Slides 18 – 86	These slides repeat for the other four days in the week to maintain structure and routine, but there are differences to keep the students engaged!

SLIDES 87 – 100 ARE BLANK TITLE SLIDES (SOME WITH CLIP ART)
IF YOU WOULD LIKE TO ADD YOUR OWN CONTENT.

NEW FOR NOVEMBER:

The last sight word slide of each week is a REVIEW of that week's sight words. I wanted to be able to review the sight words for the week. Each sight word will be covered up with boxes that you will be able to move. I will challenge my own students to write the word on their whiteboard before uncovering the entire word.

Here is an example:

The image shows a blue-bordered slide titled "SIGHT WORD REVIEW" in large, blue, outlined letters. The slide is divided into four quadrants by a horizontal and a vertical line. Each quadrant contains a sight word with a blue square covering a letter: "th□t" (top-left), "ma□y" (top-right), "f□m" (bottom-left), and "th□r" (bottom-right). In the bottom-left corner of the slide, there is a cartoon illustration of a girl with dark hair and an orange bow, wearing a pink headband and holding a purple book.

This is different from the September and October packs, and something I wanted after using the those slides with my own class.

Good Morning!

There will be an embedded video already here for you on Google Slides.

CHECK IN!

How are you feeling?

CHECK IN!

How are you feeling?

Tell me something GOOD!

LET'S READ A STORY!
